Dear Ms Quinn Hou,

Congratulations on receiving the Connect to Community 2016/2017 grant! The Centre for Community Engaged Learning and the Grants Advising Committee is happy to support the **But Not Because** project with \$750 as part of the Connect to Community grants. A grant dedicated to encouraging collaboration between UBC students and local community organizations in developing meaningful projects that benefit both the learning goals of the student and the mandate of the community organization.

We are pleased to support your work and wish you the best in your future endeavors.

Sincerely,

Vincent Tom
